

No. Demco 040 – 2014 December 2, 2014

Subject: Clarification on News
TO : The president,
The Stock Exchange of Thailand.

Reference shall be made to the news in social media specified about Demco's investment in Wind Energy Holding and Sustainable Energies Co., Ltd. that

1. DEMCO has invested in Wind Energy around 4% but why Demco has got the Dividend while the electricity trading has not yet been done.
2. Demco has invested in Sustainable Energy about wind project at Khao Ko and what about the project right now and it is said that the project has problem for EIA.

Demco would like to clarify for the truth that

1. Demco has invested in Wind Energy Holding at the portion around 4 % since July 10, 2013 and Wind Energy Holding has not yet paid any dividend. The dividend Demco got from the wind project was the dividend from the investment 25% in Aeolus Co., Ltd. of Huoy Bong 3 and Huoy Bong 2 that generating power 103.5 MW each since November 15, 2012 and February 8, 2013 accordingly. Demco got the first dividend amount MTHB 116.47 since April 21, 2014 and the second dividend amount MTHB 50 in December 2014.
2. Demco has invested in Sustainable Energy who developed Kao Ko wind project during 2010-2012 and the project has been approved EIA since June 18, 2013 for 115 kV transmission line construction. The company has begun the project construction in December 2014 and it is expected for the completion in 2015.

Please be informed accordingly

Yours sincerely,

(Mr.Paitoon Gumchai)
Company's Secretary
